

C. Service and engagement

I've always enjoyed getting involved in various aspects of life at CMCC email with my sports fellowship, this has involved cross overwork with CCA ad at this the CCPA for international games or help in line with groups like the Canadian Concussion Collaborative or Exercises Medicine Canada.

Recently, I've been involved as a peer reviewer for the Journal Canadian Chiropractic association, Journal Chiropractic & Manual Therapies and reviewer for the World Federation of Chiropractic Conference Australia 2023.

I've always been committed to ergonomic outreach and sport outreach events often falling on weekends.

Events at CMCC, I always like to support our social events, galas, backswing golf tournaments, backs in motion and I have also initiated our move more challenge for many years prior to the COVID pandemic. I've been involved in promoting others research projects and promotion of events for World Spine Day at CMCC.

I've been involved in many committee at CMCC, at times as an alternate functioning behind the scene and recently helped with our annual interview process reviews prospective students.

Below is a list of many of the activities that support my involvements in service and engagements during my time in rank.

2023	Peer Reviewer, Journal of the Canadian Chiropractic Association
